WirelessLiving

Your home is a refuge from the world, a sanctuary from the elements, a place you can relax in comfort. From amazing audio to intimate connections, On-Q/Legrand is changing the definition of home living.

IT'S WHAT YOU  
DON'T SEE  
THAT COUNTS.

Surf the Wall Street Journal from  
the comfort of your favorite chair.

# ConsummateComfort

- Lighting that reflects your mood, not the time of day.

Automated comfort control means your coffee doesn't have to be the only thing that warms you up in the morning.

## AmazingAudio

● Enjoy integrated audio systems that sound great indoors or out.

Just because your kids want to lip-sync to MTV in the family room, doesn't mean you can't relax with your favorite music in the living room. ●

● Get lost in the adventures of Indiana Jones from living room to kitchen without missing a single moment.

● When you are able to watch video of your sleeping baby during commercial breaks, the playoffs are so much more enjoyable.

## ConvenientConnections

Never burn the garlic bread again—call the kids to Sunday dinner with a touch of a button.

Let your teenagers talk their ears off while you get some quiet time to catch up with a close friend.

# AT ON-Q/LEGRAND, WE CREATE STUNNING INNOVATIONS IN HOME ENTERTAINMENT, HOME COMMUNICATIONS AND HOME COMFORT.

## ENTERTAINMENT

Lose track of place and time by immersing yourself in adventure, sound and excitement. We'll put you on the set with your favorite actors, in a front row seat at Carnegie Hall, or on the sidelines with your favorite team—and all within the comfort of your own home.

## COMMUNICATIONS

Call the family to dinner or screen visitors at the door with the touch of a button. From stylish intercoms to easy Internet access, On-Q communications products provide the features you need to keep your family—and your home business—well connected.

## COMFORT

Find your comfort zone by setting the mood with lighting solutions that can soothe your senses or get the party going. Our temperature control selections will change the way you define and create a cozy, inviting home.
